4. *Additional condition for import or movement into certain towns or stations.*—No person shall import or move sandalwood into any of the towns or stations specified in Schedule D unless such sandalwood is also reported for examination at the appropriate checking stations specified in that schedule.

(ii) In the case of sandalwood purchased at the Government sales in Mysore, Travancore, Coorg and British Territory and imported into the Nilgiris Forest division the pass shall be that issued by the Government or sale authorities responsible for the sales and such pass shall be valid only for transport to the destinations specified thereon.

(iv) In the case of subsequent movement of imported sandalwood and of the transport of all local sandalwood other than that for which Form I is prescribed, a printed pass in Form II shall be used. It shall be supplied free of cost, on application, by the District Forest Officer having jurisdiction.

6. *Issue of passes.*—(i) Passes in Form I shall be in triplicate and shall have all parts filled up by the District Forest Officer or an officer duly authorised by him. The District Forest Officer or the officer so authorised as the case may be shall hand over the original to the purchaser, send a duplicate to the Range Officer, and retain the triplicate as counterfoil for record in his office.

(ii) Passes in Form II shall be in triplicate and shall have all parts filled up by the person disposing of the sandalwood or his authorised agent; the original shall be handed over to the person authorised to remove the sandalwood, the duplicate shall be forwarded by post or by messenger to the District Forest Officer having jurisdiction by the person issuing the pass who shall retain custody of the sandalwood at his store or on his land for purposes of check for a period not exceeding fifteen days from the date on which the duplicate was posted to the District Forest Officer or delivered to him by messenger, as the case may be. 7. *Check of passes.*—All sandalwood in transit shall be produced for examination at the first checking station on the authorised route between the hours of 8 a.m. and 6 p.m. and if such sandalwood arrives at the first checking station after 6 p.m., the officer in charge of the checking station may detain it till 8 a.m. following for examination.

The officer in charge of the checking station shall after satisfying himself that the sandalwood actually comes from the locality and is of the kind stated in the foreign Government pass or the pass in Form I or II, as the case may be, and is not in excess of the quantity specified therein, retain such pass and give in exchange therefor a way pass in Form III as hereinafter provided. If the officer in charge of the checking station is not so satisfied, and refuses to grant the way pass he shall detain the sandalwood and the foreign Government pass or the pass in Form I or II as the case may be and report the case for the orders of the District Forest Officer having jurisdiction, stating clearly his reasons for the action taken.

The quantity of sandalwood under transit shall not be greater than that entered in the pass and if it is less, the same pass shall not be used again to cover the deficiency.

The way pass in Form III shall be in duplicate; the original shall be given in exchange for the foreign Government pass or the pass in Form I or II as the case may be and the duplicate shall be retained by the officer in charge of the checking station.

The way pass shall protect such sandalwood along the route to its destination and shall be produced and endorsed at all subsequent checking stations on that route.

8. *Production of pass at the checking station.*—The foreign Government pass, the pass in Form I or II or the way pass in Form III, as the case may be, shall, in the case of imported sandalwood and sandalwood for export, be produced with the sandalwood for examination at any station which may be notified from time to time by the Collector concerned in the district gazette as a checking station and past which the sandalwood may be taken. In the case of sandalwood in transit, such pass shall be produced anywhere within the limits of the Scheduled areas, when demanded by any Revenue, Forest or Police officer and at the checking station nearest to the locality of lifting and at all subsequent checking stations notified from time to time by the Collector concerned in the district gazette and past which the sandalwood is taken.

No person shall take any sandalwood off, or pass it from, any road on which a checking station has been placed with intent to evade the production of the sandalwood at a checking station.

9. *Use and registration of property marks.*—(i) All sandalwood imported from Mysore, Travancore and Coorg and all Government sandalwood disposed of locally shall bear the mark of the Government of origin in the following manner:—

Every piece of sandalwood shall bear its own Government mark and in the case of chips and saw dust carried

in bags, the latter shall be closed and the fastening sealed with the above mark.

(2) All other sandalwood imported into, or exported from or moved within, the areas specified in rule 3 shall be similarly rendered by a property mark affixed in the manner provided in sub-rule (1).

All such property marks shall be registered at a District Forest office.

(3) In accordance with the provisions of sub-rule (iii), if the marks relate to sandalwood extracted from private lands within the said areas, and

(4) in accordance with the provisions of sub-rule (iv), if the marks relate to sandalwood other than that extracted from private lands within the said areas.

(5) (a) (1) Every application for the registration of a property mark in respect of sandalwood extracted from private lands within the areas specified in rule 3 shall be accompanied by a statement in Form IV in which all the particulars therein prescribed shall be furnished to the District Forest Officer concerned and also by an impression of the mark proposed. The form shall be supplied free of cost, on application, by the District Forest Officer.

(2) Each uprooted tree, bearing heartwood, shall be cleaned up to its heartwood limit, after leaving about a ring of bark and sapwood, 2 to 3 inches wide, at breast height of the tree from ground level before it was uprooted. The girth, in inches, over the ring of bark shall be recorded in the statement in Form IV.

(3) Every tree so uprooted and cleaned shall bear its distinctive serial number which shall be written legibly in ink anywhere on it if it has not been cut up into logs and reserved separately. Where the tree has been cut up into billets and roots, all parts of each such tree as cut up shall bear, as their cut ends, the original serial number accorded to that tree, so as to admit of identification and check later by the District Forest Officer or by his subordinate.

(4) The exact situation of the land whence each of the heartwood—containing trees was extracted shall be indicated on the ground by a stout numbered peg which shall be well driven home at the pit formed in the process of uprooting, the number on the peg being the same as that written on the wood concerned. These pegs shall be retained until such time as the District Forest Officer or his subordinate checks the sandalwood and verifies the locality of felling.

(5) The heartwood obtained from each of the uprooted trees shall thereafter be weighed and the result recorded in the statement in Form IV, indicating in it at the same time the number of roots and stem wood pieces obtained from each such tree, with an abstract in the remarks column showing the total number of trees extracted and cleaned, their total section expressed in number of pieces (roots and billets separately) and the aggregate of all pieces in respect of which the registration of property mark is desired.

(6) After the application, with the statement in Form IV containing all the particulars therein prescribed, is received, the District Forest Officer or an officer subordinate to the District Forest Officer who is authorized by him in that behalf shall, as soon as possible, inspect the locality of extraction and directly the sandalwood by verifying the girth and assembling all the parts of each tree and satisfy himself about the accuracy of the details furnished by the applicant and thereafter mark all the sandalwood with the district pass hammer. If the result of such inspection is satisfactory, the District Forest Officer shall subject to the provisions of clause (5) of this sub-rule grant a certificate of registration in Form V with as little delay as possible.

(b) The District Forest Officer or any officer authorised by him may require from any person, other than one possessing a property mark for registration or at any subsequent time, information as to source or origin and the quantity of sandalwood, period of felling, surveyroutes, depots of destination and such other details regarding his method of felling, trading or working as the District Forest Officer may think necessary. The District Forest Officer may refuse registration and may cancel the registration of any property mark if the information required is not given, or if he considers that such property mark cannot easily be distinguished from a Government mark or from a property mark used by another person, or if he has reason to believe that the person using the property mark is or has been concerned in any illegal practice with regard to the sandalwood or for any other good and sufficient reason. The receipt for such refusal or cancellation shall in every case be placed upon record by the District Forest Officer and submitted for the approval of the Collector.

(iv) (1) Every application for the registration of property mark in respect of sandalwood other than that extracted from private lands within the area specified in rule 3 shall be accompanied by an impression of the mark proposed.

(2) After the receipt of the application, the District Forest Officer or an officer authorized by him in that behalf shall check such sandalwood and if the result of such check is satisfactory, the District Forest Officer shall, subject to the provisions of clause (b) of sub-rule (iii) grant a certificate of registration in Form V, with as little delay as possible.

(3) All sandalwood in respect of which a property mark is registered under this sub-rule shall be marked with the District pass hammer by the District Forest Officer or by an officer authorized by him to do so.

10. *The date up to which, and the description and quantity of sandalwood for which registration of property mark has effect.*—The registration and each renewal of registration of a property mark shall be valid only in respect of the description and quantity of the sandalwood entered in Form V and to be in force only from the date of such registration or renewal until the first day of April following, unless otherwise stated.

11. *Exemption of small quantities of sandalwood carried by bona fide travellers or cut by ryots for their own use.*—Nothing contained in these rules shall apply to—

(a) Sandalwood not exceeding 5 lb. in weight carried by any bona fide traveller or under his authority for his own use, or

(b) Sandalwood cut and carried by a ryot for his own use from trees growing on the patta lands of the said ryot or of any neighbouring ryot from whom title to such sandalwood is derived provided that he obtains a certificate of title from the village munsif and that the quantity cut and carried on each occasion does not exceed 15 lb in weight.

For rule 91 of the said rules, the following rule shall be substituted, namely :—

"91. (1) When a foreign letter or box or a foreign parcel, not being a parcel addressed to a prisoner of war or to an Information Bureau established for prisoners in a belligerent country or in a neutral country which has received belligerents in its territory or to a belligerent interned in a neutral country, has been posted in and insured by an Indian post office within or without the limits of British India and when such letter, box or parcel has been lost or the contents thereof have been abstracted or damaged in the course of transmission by post, compensation not exceeding the amount for which such letter, box or parcel has been insured, shall be payable, in accordance with and subject to the provisions of sub-rules (2), (4) and (5) on account of such loss, abstraction or damage, to the sender except in the case of a parcel in respect of which the Administration of the country of destination decides to pay compensation to the addressee under the same conditions as those prescribed in respect of the Indian Post Office in sub-rule 1.3)

(2) Whether or not the addressee has made reservations on taking delivery of a letter or box, the contents of which have been abstracted or damaged or lost, after taking delivery thereof, immediately made a complaint of abstraction or damage to the Administration of the office of delivery and proved to the satisfaction of that Administration that the abstraction or damage took place before the delivery, the compensation payable under sub-rule (1) shall be payable to the sender and no claim for the payment of compensation to the addressee shall be entertained

(3) When an inward parcel insured by a foreign Administration is lost or the contents thereof are abstracted or damaged, compensation shall be payable by the Indian Post Office to the addressee up to an amount not exceeding that for which it has been insured if he claims such compensation after having made reservations in taking delivery of the parcel or if he furnishes proof that the sender of the parcel has waived his rights to such compensation in the addressee's favour.

(4) The compensation payable under sub-rules (1) to (3) shall in no case exceed the value of the article lost or the amount of loss occasioned by the abstraction of, or damage to, the contents of the article, and loss of profits or other indirect loss shall not be taken into consideration in the assessment of such compensation.

(b) where the insurance has been fraudulently made for a sum above the real value of the contents, or there has been any other fraud on the part of the sender or the addressee;

(c) where the insured article has been delivered to the addressee, or where the article is returned to the sender, and the addressee or sender, as the case may be, has signed and returned the receipt therefor without protest, or, in the case of an insured letter or box, without immediately making a complaint of abstraction of or damage to the contents of the letter or box to the Administration of the office which delivered the article and proving to the satisfaction of that Administration that the abstraction or damage took place before the delivery of the letter or box;

(i) where the insured article contained anything the transmission of which by the letter or the parcel post, as the case may be, is prohibited;

(j) where the insured article is seized by the customs on account of false declaration of its contents.

(6) In the following cases, namely :—

(a) when an insured letter or box is lost or its contents are wholly destroyed.

(b) when an insured parcel is lost or destroyed or its contents are wholly abstracted;

(c) when, by reason of damage attributable to the postal service, the addressee refuses to take delivery of an insured parcel, the sender of such letter, box or parcel, shall be further entitled to a refund of the expenses of transmission, and, when an error on the part of the Post Office gives rise to enquiry as to the disposal of such letter, box or parcel, to a refund of any fee paid on account of such enquiry; but the sender of such letter, box or parcel shall in no case be entitled to a refund of the fee paid for insurance.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Strict silence should be maintained in the examination hall.

3. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

4. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All "spoilt" papers, etc., should be left on the desk where the candidate has been writing.

5. Candidates whose names are not in the printed list must submit a written declaration through the Examiner giving full particulars in regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

6. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Examiner.

7. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Examiner.

8. *Any candidate who does not behave properly towards the Examiner or is suspected of having had recourse to malpractice of any kind in connexion with the examination or whose answer papers contain objectionable matter, or fails to have his examination conducted and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit, or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared his success or failure being determined on the results of such re-examination.*

9. Candidates are prohibited to communicate with the Examiner, should they do so, their answer papers will not be valued and further the conduct will be reported to the Commissioner for any action that he may deem fit.

10. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular sect on or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

[*N.B.*—(1) Candidates are strictly forbidden to write their names on the answer papers.

16. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

17. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision to which he may have failed. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Indian State selects a centre in another Indian State he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

6. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the centre of examination entered in his application which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

7. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the Written examinations in any of the subjects mentioned at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such places or places in the list of centres should be made to the Commissioner through the local educational

or other authorities concerned before the 24th November 1935. Ordinarily, however, only one place will be constituted a centre for each district.

8. Candidates whose Examinations, either Written or Oral and Practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear. The Oral and Practical Examinations in such subjects as require these will be held at these places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—To guard against disappointment in the case of such of the Oral and Practical Examinations as may be held after the Written Examinations, candidates are recommended to refer to Part I-B of the Fort St. George Gazette a few days before the Examination will be held in Madras.

In the absence of the particulars required as above, the applicants will distinctly understand that their cases will not be considered.

11. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Reserve Bank of India, and the receipt [supplied to candidates along with forms of application] signed and given by the Treasury Officer or the Reserve Bank of India attached to the application, which in every case must reach the Commissioner's office on or before the 6th December 1935.

12. Applications for admission in the examination submitted after the prescribed date will be entertained only on payment of a penal fee of one rupee each and no such applications will be entertained after the lapse of fifteen days from the prescribed date.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1936.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names or any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

Candidates are strictly prohibited from smoking in the examination room.

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OR ANY KIND [EXCEPT AS PROVIDED IN RULE 8]. THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at University Examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate Examination, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours)—M.A., B.S.Sc and B.Sc. (Ag.) Degree examinations and Pre-requisites examination only.

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is seven annas.

9. Candidates for examination in science subjects are required to submit their laboratory note-books both in the main and in the subsidiary subjects to the Examiner concerned on the first day of the practical examination and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer-books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer-books are found insufficient, additional books will be allowed and these should be securely fastened to the answer-books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS GONE UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable the following alternative procedure may be adopted: At the end of the period prescribed for each particular paper the candidates should at once fold their answer books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out the Superintendents will collect the answer-books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATIVE TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

14. ALL MOFUSSIL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. 15. *No college student will be allowed to select a centre for his examination other than that to which the College he studies is limited except for satisfactory reasons and on the recommendation of the Principal of his College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

The tender should be in the prescribed form obtainable from the Executive Engineer's office. The tenders will be opened by the Executive Engineer in office at 4 p.m. on 25th November 1935.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Godavari Northern Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs. 600 (rupees six hundred only) into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Godavari Northern Division and enclose with his tender the chalan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 600 (rupees six hundred only) in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. The security deposit together with the earnest money and the amount withheld according to clause 55 of the standard preliminary specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend Division office on the date fixed in the written intimation from such office to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specifications contained therein, and upon the Divisional Office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the office of the Executive Engineer, Godavari Northern Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the descriptive specification sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the descriptive specification sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the descriptive specification sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, taxes, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering

9. A schedule of quantities accompanies this tender notice. It shall be distinctly understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, declarations, or additions at the discretion of the Executive Engineer, Godavari Northern Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule and the rates should be in rupees, annas, and pie terms of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract and quote in the tender a lump-sum for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and recording

10. Tenders offering a percentage deduction from or increase on the estimate amounts, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognised; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

The contractor should note that the works are to be carried out in the interior agency of the East Godavari district, in the Rampachodda agency taluk

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor will remain as originally entered in the written contract. No carriage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	*Percentage of work completed (based on contract lump-sum amount).*
Three months	Ten per cent
Six months	Thirty-five per cent.
Nine months	Forty-five per cent.
Twelve months	Sixty per cent.
Fifteen months	Seventy per cent.
Eighteen months, etc. ..	Ninety-five per cent
Twenty-one months	Hundred per cent (to be completed).

NOTE.—An expenditure of Rs. 1,000 is only expected before 15th March 1936.

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf

15. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. The qualifications of the Supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderer should therefore state in clear terms whether they employ such recognised staff and if so to give the qualifications of such staff and the extent to which they will be employed on the work.

Report of the Select Committee presented to the Legislative Council of the Governor of Madras.

Under S.O. 41 of the Standing Orders of the Madras Legislative Council, the following Report of the Select Committee on the Bill to amend the Madras Estates Land Act, 1908 (Bill No. 2 of 1935) is published :—

BILL No. 2 OF 1935.

A Bill to amend the Madras Estates Land Act, 1908.

To

THE HONOURABLE THE LEGISLATIVE COUNCIL OF THE GOVERNOR OF MADRAS.

The Select Committee appointed to consider the Bill to amend the Madras Estates Land Act, 1908 (Bill No. 2 of 1935) has the honour to make the following report.

2. The Bill was published in the *Fort St. George Gazette*—

in English, on the 6th February 1935,
in Hindustani, on the 12th March 1935,
in Telugu, on the 12th March 1935,

in Tamil, on the 5th March 1935,
in Kanarese, on the 5th March 1935, and
in Oriya, on the 19th March 1935.

3. The Committee met on 4th November 1935, 5th November 1935 and on 6th November 1935 in the Committee room of the Council Chamber, Fort St. George, for the purpose of considering the provisions of the Bill. It has found it impossible to fit in the provisions of the present Bill into the provisions of the existing Act regarding enhancement, reduction and commutation of rents. By a majority, it considers that the object of the Bill will be better attained by making provision that the landholder should give relief in years in which Government give relief by way of general remission in adjacent ryotwari areas on account of a general fall in prices. The details of the conditions and quantum of the relief to be given may be formulated by the Government in a draft Bill which should be circulated for opinion.

4. The Committee, by a majority, accordingly recommends that the Bill be dropped.

Chairman.
